INDEPENDENT AUDITOR'S REPORT

City Council
City of Brandon
Minnehaha County, South Dakota

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of the City of Brandon, South Dakota, as of December 31, 2014 and for the year then ended, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the Table of Contents.

Management's Responsibility for the Financial Statements

The City's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of the City of Brandon as of December 31, 2014 and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and Budgetary Comparison Schedules listed in the Table of Contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The Combining Nonmajor Fund Financial Statements listed in the Table of Contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated July 28, 2015, on our consideration of the City of Brandon's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

MANAGEMENT’S DISCUSSION AND ANALYSIS

This section of the City of Brandon’s annual financial report presents our discussion and analysis of the City of Brandon financial performance during the fiscal year ending December 31, 2014. Please read it in conjunction with the City of Brandon financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

During the year, the City of Brandon revenues generated from charges for services, taxes and other revenues of the governmental programs were \$3,045,448 more than the \$8,400,373 governmental and business-type program expenditures.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of three parts – management’s discussion and analysis (this section), the basic financial statements, including related notes, and required supplementary information. The basic financial statements include two kinds of statements that present different views of the Municipality:

1. The first two statements are government-wide financial statements that provide both long-term and short-term information about the overall financial status of the City of Brandon.
2. The remaining statements are fund financial statements that focus on individual parts of Municipal government, reporting the Municipality’s operations in more detail than the government-wide statements.
 - A. The governmental fund statements tell how general government services like public safety were financed in the short-term as well as what remains for future spending.
 - B. Proprietary fund statements offer short- and long-term financial information about the activities that the Municipality operates like businesses. The City has four proprietary funds – the Water Fund, the Sewer Fund, the Golf Course Fund and the Electrical Fund.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the information in the financial statements. In addition to the required elements, we have included a section with combining statements that provide details about our non-major governmental funds, each of which are added together and presented in a single column in the basic financial statements.

Figure A-2 summarizes the major features of the City of Brandon’s financial statements, including the portion of the City government they cover and the types of information they contain. The remainder of the overview section of the management’s discussion and analysis explains the structure and contents of each of the statements.

Figure A-2

Major Features of the City of Brandon's Government-wide and Fund Financial Statements			
	Government-wide Statements	Fund Statements	
		Governmental Funds	Proprietary Funds
Scope	Entire City government (except fiduciary funds and the fiduciary component units)	The activities of the City that is not proprietary or fiduciary, such as finance office, police, fire and parks.	Activities the City operates similar to private businesses are the water, sewer and electric systems and the golf course.
Required Financial Statements	*Statement of Net Position *Statement of Activities	*Balance Sheet *Statement of Revenues, Expenditures and Changes in Fund Balances	*Balance Sheet *Statement of Revenues, Expenses and Changes in Net Position *Statement of Cash Flows
Accounting Basis and Measurement Focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus
Type of Asset/Liability Information	All assets and liabilities, both financial and capital, and short-term and long-term	Only assets expected to be used up and liabilities that come due during the year or soon thereafter no capital assets included	All assets and liabilities, both financial and capital, and short-term and long-term
Type of Inflow/Outflow Information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year, expenditures when goods or services have been received and payment is due during the year or soon thereafter	All revenues and expenses during year, regardless of when cash is received or paid

GOVERNMENT-WIDE STATEMENTS

The government-wide statements report information about the City as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the government's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the City of Brandon's net position and how they have changed. Net position – the difference between the City of Brandon's assets and liabilities – is one way to measure the City of Brandon's financial health or position.

1. Increases or decreases in the City of Brandon's net position are an indicator of whether its financial health is improving or deteriorating, respectively.
2. To assess the overall health of the City you need to consider additional non-financial factors such as changes in the City of Brandon's property tax base and changes in the sales tax revenue base.

The government-wide financial statements of the City are reported in two categories:

1. Governmental Activities -- This category includes the most of the City of Brandon's basic services, such as police, fire, public works, parks department and general administration. Property taxes, sales taxes, charges for services, state and federal grants and interest earnings finance most of these activities.
2. Business-type Activities -- The City charges a fee to customers to help cover the costs of certain services it provides. The City of Brandon's water, sewer, golf course and electrical accounts are included here.

FUND FINANCIAL STATEMENTS

The fund financial statements provide more detailed information about the City of Brandon's most significant funds – not the City as a whole. Funds are accounting devices that the City uses to keep track of specific sources of funding and spending for particular purposes.

1. State Law requires some of the funds.
2. The City Council establishes other funds to control and manage money for particular purposes or to show that it is properly using certain taxes and grants.

The City has two kinds of funds:

1. Governmental Funds – Most of the City of Brandon's basic services are included in the governmental funds, which focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at the year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the City of Brandon's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information at the bottom of the governmental funds statements, or on the subsequent page, that explains the relationship (or differences) between them.
2. Proprietary Funds – Services for which the City charges customers a fee are generally reported in proprietary funds. Proprietary funds, like the government-wide statements, provide both short- and long-term financial information. The City of Brandon's enterprise funds (one type of proprietary fund) are the same as its business-type activities, but provide more detail and additional information, such as cash flows.

FINANCIAL ANALYSIS OF THE CITY AS A WHOLE

Percentage of Increase (Decrease) in Net Position	16.17%	9.13%	4.38%	7.19%	9.58%	8.10%

This section explains the differences between the current and prior years' assets, liabilities, and changes in net position.

The Statement of Net position reports all financial and capital resources. The statement presents the assets and liabilities in order of relative liquidity. The liabilities with average maturities greater than one year are reported in two components – the amount due within one year and the amount due in more than one year. The long-term liabilities of the City, consisting of compensated absences payable, sales tax revenue bonds payable, water and revenue bonds payable, and special assessment bonds with governmental commitment have been reported in this manner on the Statement of Net position. The difference between the City of Brandon's assets and liabilities is its net position.

CHANGES IN NET POSITION

The City of Brandon's total revenues (excluding special items) totaled \$11,381,440. (See Table A-2.) Most of the City of Brandon's revenue comes from charges for services and taxes; with 49.7 cents of every dollar raised coming from charges for services and 47.8 cents of every dollar raised comes from some type of tax. (See Figure A-3). Another 2.5 cents come from operating and capital grants and contributions and the balance comes from unrestricted investment earnings, state shared revenue and miscellaneous.

FIGURE A-3 SOURCE OF REVENUES

The City of Brandon expenses cover a range of services with 11.5% from water services and 15.8% from sewer services, 13.2% from the golf course. The cost of Public Safety was 18.1% and Public Works was 16.4%. Culture and Recreation costs were 8.7%. General Government costs were 9.0% and debt service was 1.8%. Conservation and Development costs were 4.0% and the remaining balance of 1.5% was from the electric services. (See Figure A-4)

FINANCIAL ANALYSIS OF THE CITY OF BRANDON FUNDS

The financial analysis of the City of Brandon funds mirror those highlighted in the analysis of governmental and business-type activities presented above. The City maintains thirteen governmental funds – General Fund; Street Maintenance Fund; 3rd Cent Sales Tax; 2006 TIF #2(BID) Special Revenue Fund; Brandon Revolving Loan Fund; TIF#1 Debt Service; S.A Park St; S.A Chestnut Blvd; S.A Chestnut Middle Blvd; S.A. Express Ave/French Cr Lift; TIF #2 Convention Center Debt Service; S.A Country Club Drainage; TIF Hemlock Blvd Debt Service Fund. The City has four business type funds - Water; Sewer; Golf Course and Electrical.

GENERAL FUND BUDGETARY HIGHLIGHTS

Over the course of the year, the City Council revised the City budget. This amendment was for Supplemental appropriations and contingency transfers approved for unanticipated, yet necessary, expenses to provide for items necessary for health and welfare of its citizens.

CAPITAL ASSET ADMINISTRATION

By the end of 2014, the City had \$37,355,301 in a broad range of capital assets, including, land, buildings, and various machinery and equipment. (See Table A-3.) This amount represents a net decrease (including additions and deductions) of \$248,089 at a 1% decrease over the last year.

**Table A-3
Capital Assets
(Net of depreciation)**

	Governmental Activities		Business-Type Activities		Total Dollar	Total %
	2013	2014	2013	2014	Change	Change

Construction in Progress	<u>15,429</u>	<u>117,848</u>	<u>32,587</u>	<u>178,943</u>	<u>248,776</u>	<u>84%</u>
Total Capital Assets (net)	<u>\$ 20,138,191</u>	<u>\$ 19,589,308</u>	<u>\$ 17,465,199</u>	<u>\$ 17,765,993</u>	<u>\$ (248,089)</u>	<u>-1%</u>

Below are some projects and purchases that were made in 2014:

New equipment was purchased which included: two police Ford Explorers, a 1988 Ice Resurfacers, two Ford F150 pickups, 2014 Honda ATV, a 5065E mower, a new siren located at 401 N Sioux Blvd, 2 Aerators for the sewer department, 2 scoreboards for the Soccer Fields, Pioneer Park Playground equipment and 3 snow plows.

There were some construction projects going on in Brandon in 2014: Micro Seal project was done for a total cost of 112,352. Another phase on Custer Parkway was done to replace water/sewer/curb/gutter and street for a total of 678,525. This is a continual project and is done in phases each year. A shelter for Sunrise Park was started but not quite completed in 2014. The cost at the end of the year totaled 37,684 and it should be finalized in 2015.

LONG-TERM DEBT

At the end of the year the City has \$6,247,744 in Sales Tax Revenue Bonds, Water Revenue Bonds and Sewer revenue Bonds and other long term obligations. This is a decrease of over 13% from the previous year as shown on Table A-4 below.

**Table A-4
Outstanding Debt and Obligations**

	Governmental Activities		Business-Type Activities		Total Dollar	Total %
	2013	2014	2013	2014	Change	Change
Compensated Absences	\$ 143,547	\$ 150,231	\$ 120,398	\$ 108,077	\$ (5,638)	-2%

Sales Tax Revenue bonds	2,718,485	2,524,123			(194,362)	-7%
State Revolving Funds	257,649	224,554			(33,095)	-13%
Tax Increment Financing Bonds	1,602,859	1,486,036			(116,823)	-7%
Water Revenue bonds			547,440	319,434	(228,006)	-42%
Golf Course Revenue Certificates			981,011	877,910	(103,101)	-11%
Notes Payable			32,946		(32,946)	-100%
Total Outstanding Debt & Obligations	\$ 5,480,189	\$ 4,942,324	\$ 1,681,795	\$ 1,305,420	\$ (914,240)	-13%

The City of Brandon had a significant decrease in long-term debt, which was due to retiring over 914,000 dollars in debt and making no new additional debt in 2014.

CERTIFICATES OF PARTICIPATION

\$1,900,000 - **2001 Golf Course Certificates of Participation** issued to re-fund the addition of nine holes at the Brandon Municipal Golf Course and the construction of a clubhouse facility. Payment is over 20 years with principal payments starting at \$58,071 in 2002 to \$144,109 in 2021. The net interest cost is 2.05%. Payment will come from revenue from the Golf Course and are due June 1 and December 1 of each year and are taken automatically by the First National Bank Trust Department.

Principal balance, as of 12-31-14..... \$877,910

REVENUE BONDS

\$1,877,375 - **2000 (SRF) Water Treatment Plant Loan** to construct a water treatment plant. Payments will be due quarterly over a fifteen year period at a 4.75% interest rate. Payments are \$175,708 per year. Bonds are being retired with revenues of the Water Enterprise Fund and are taken automatically by the First National Bank Trust Department.

Principal balance, as of 12-31-14.....\$ 43,411

Principal balance, as of 12-31-14.....\$548,776

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The City of Brandon continued to experience additional revenues in property taxes from new construction with percentage growth of 2.46% in 2014. Under the state mandated property tax freeze, property taxes are 2.1% for 2014 which was based on the Consumer Price Index (CPI).

One of the primary sources of revenue to the City is based on taxable retail sales in the community (sales tax). The City has experienced an increase in taxable sales of about 11% over the prior year.

The City of Brandon has adopted a General Fund budget for the 2015 fiscal year which will have an increase of 7.18% in expenditures compared to 2014 for a total of \$5,347,637. This is due to equipment and projects budgeted in the 2015.

CONTACTING THE CITY OF BRANDON FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the City of Brandon's finances and to demonstrate the City of Brandon's accountability for the money it receives. If you have questions about this report or need additional information, contact the City of Brandon's Finance Office, PO Box 95-304 S Main Ave, Brandon, SD 57005.

RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET
TO THE STATEMENT OF NET POSITION
DECEMBER 31, 2014**

Total Fund Balances - Governmental Funds \$ 4,106,164.48

Amounts reported for governmental activities in the statement of net position is different because:

Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.

Cost of Capital Assets	\$ 26,957,836.50	
Accumulated Depreciation	<u>(7,368,528.79)</u>	19,589,307.71

Long-term liabilities are not due and payable in the current period and therefore are not reported in the funds.

(4,942,323.24)

Assets such as taxes receivable (delinquent) and special assessments receivable are not available to pay for current period expenditures and therefore are not currently available in the funds.

490,831.83

Accrued interest payable is not accounted for in the modified accrual basis of accounting, but is accounted for in the statement of net position.

(49,112.26)

Net Position - Governmental Funds

\$19,194,868.52

**CITY OF BRANDON
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND
CHANGES IN FUND NET POSITION TO THE GOVERNMENT-WIDE
STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED DECEMBER 31, 2014**

Net Change in Fund Balances - Total Governmental Funds \$ 1,627,891.67

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This was the amount by which depreciation expense exceeded capital outlay in the period.

Investment in Capital Assets	\$ 441,205.04	
Depreciation Expense	<u>(988,659.60)</u>	(547,454.56)

Governmental funds report revenues when they meet the available criteria. Because some revenues will not be collected for several months after the city's calendar year ends, they are not considered "available" revenues and are deferred in the governmental funds. (118,323.43)

Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets. 630,031.38

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.

Change in accrued leave	(6,683.12)	
Change in inventory	<u>15,459.00</u>	8,775.88

Interest on long-term debt in the statement of activities differs from the amount reported in the governmental funds because interest is recognized as an expenditure in the funds when it is due, and thus requires the use of current financial resources. In the statement of activities, however, interest expense is recognized as the interest accrues, regardless of when it is due. This amount represents the change in the amounts accrued. 6,468.35

In the statement of activities, contributed assets are reported, whereas this amount is not reported in the governmental fund financial statements. 7,182.00

In the statement of activities, gains and losses on disposal of assets is reported, whereas in the governmental funds, the proceeds and expenses from the disposal of fixed assets is reflected. The net amount of gains and losses is: (8,610.53)

Change in Net Position of Governmental Activities \$ 1,605,960.76

The notes to the financial statements are an integral part of this statement.

CITY OF BRANDON
NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – Summary of Significant Accounting Policies

a. Financial Reporting Entity

The reporting entity of the City of Brandon consists of the primary government (which includes all of the funds, organizations, institutions, agencies, departments, and offices that make up the legal entity, plus those funds for which the primary government has a fiduciary responsibility, even though those fiduciary funds may represent organizations that do not meet the criteria for inclusion in the financial reporting entity); those organizations for which the primary government is financially accountable; and other organizations for which the nature and significance of their relationship with the primary government are such that their exclusion would cause the financial reporting entity's financial statements to be misleading or incomplete.

b. Basis of Presentation:

Government-wide Financial Statements:

The Statement of Net Position and Statement of Activities display information about the reporting entity as a whole. They include all funds of the reporting entity except for fiduciary funds. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

The statement of activities presents a comparison between direct expenses and program revenues for each segment of the business-type activities of the City and for each function of the City's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) charges paid by recipients of goods and services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements:

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, liabilities, fund equity, revenues, and expenditures/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the City or it meets the following criteria:

1. Total assets and deferred outflows of resources, liabilities and deferred inflows of resources, revenues, or expenditures/expenses of the individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type, and
2. Total assets and deferred outflows of resources, liabilities and deferred inflows of resources, revenues, or expenditures/expenses of the individual governmental or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined, or

3. Management has elected to classify one or more governmental or enterprise funds as major for consistency in reporting from year to year, or because of public interest in the fund's operations.

The funds of the City financial reporting entity are described below:

GOVERNMENTAL FUNDS

General Fund - The General Fund is the general operating fund of the city. It is used to account for all financial resources except those required to be accounted for in another fund. The General Fund is always considered to be a major fund.

Special Revenue Funds – Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

Maintenance Fund - to account for special assessment taxes which may be used only for Improvements to public streets. This is a major fund.

The following Special Revenue Funds are not considered major funds: Third Cent Sales Tax Fund, 2006 TIF Special Revenue Fund and the Brandon Revolving Loan Fund. These funds are reported on the fund financial statements as "Other Governmental Funds" and are detailed in the combining statement section.

Debt Service Funds - Debt service funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest.

TIF Hemlock Blvd. Debt Service - to account for special assessment taxes which may be used only for the payment of the debt principal, interest, and related costs. This is a major fund.

The following Debt Service Funds are not considered major funds: Tax Increment District, Park Street Special Assessment, Chestnut Boulevard Special Assessment, Chestnut Boulevard Middle Special Assessment, Express Avenue/French Creek Special Assessment, TIF Convention Center Debt Service Fund, and Country Club (CC) Heights Debt Service Fund. These funds are reported on the fund financial statements as "Other Governmental Funds" and are detailed in the combining statement section.

Capital Projects Funds – Capital Projects Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets (other than those financed by proprietary funds and trust funds).

The Aspen Blvd Capital Project Fund and the Sioux Blvd Capital Project Fund are not considered to be major funds: These funds are reported on the fund financial statements as "Other Governmental Funds" and are detailed in the combining statement section.

PROPRIETARY FUNDS

Enterprise Funds - Enterprise Funds may be used to report any activity for which a fee is charged to external users for goods or services. Activities are required to be reported as enterprise funds if any one of the following criteria is met. Governments should apply each of these criteria in the context of the activity's principal revenue sources.

- a. The activity is financed with debt that is secured solely by a pledge of the net revenues from fees and charges of the activity. Debt that is secured by a pledge of net revenues from fees and charges and the full faith and credit of a related primary government or component unit-even if that government is not expected to make any payments-is not payable solely from fees and charges of the activity. (Some debt may be secured, in part, by a portion of its own

proceeds but should be considered as payable "solely" from the revenues of the activity.)

- b. Laws or regulations require that the activity's costs of providing services, including capital costs (such as depreciation or debt service), be recovered with fees and charges, rather than with taxes or similar revenues.*
- c. The pricing policies of the activity establish fees and charges designed to recover its costs, including capital costs (such as depreciation or debt service).*

Water Fund - financed primarily by user charges, this fund accounts for the construction and operation of the City waterworks system and related facilities. (SDCL 9-47-1) This is a major fund.

Sewer Fund - financed primarily by user charges, this fund accounts for the construction and operation of the City sanitary sewer system and related facilities. (SDCL 9-48-2) This is a major fund.

Golf Course Fund - financed by user charges, this fund accounts for the operations of the golf course services. This is a major fund.

Electric Fund - financed by user charges, this fund accounts for the operations of electric services. This is not a major fund.

c. Measurement Focus and Basis of Accounting:

Measurement focus is a term used to describe "how" transactions are recorded within the various financial statements. Basis of accounting refers to "when" revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements, regardless of the measurement focus.

Measurement Focus:

Government-wide Financial Statements:

In the government-wide Statement of Net Position and Statement of Activities, both governmental and business-type activities are presented using the economic resources measurement focus, applied on the accrual basis of accounting.

Fund Financial Statements:

In the fund financial statements, the "current financial resources" measurement focus and the modified accrual basis of accounting are applied to governmental funds, while the "economic resources" measurement focus and the accrual basis of accounting are applied to the proprietary funds.

Basis of Accounting:

Government-wide Financial Statements:

In the government-wide Statement of Net Position and Statement of Activities, governmental and business-type activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues and related assets are recorded when earned (usually when the right to receive cash vests); and, expenses and related liabilities are recorded when an obligation is incurred (usually when the obligation to pay cash in the future vests).

Fund Financial Statements:

All governmental funds are accounted for using the modified accrual basis of accounting. Their revenues, including property taxes, are recognized when they become measurable and available. "Available" means resources are collected or to be collected soon enough after the end of the fiscal year that they can be used to pay the bills of the current period. The accrual period does not exceed one bill-paying cycle, and for the City of Brandon, the length of that cycle is 30 days. The revenues which are accrued at December 31, 2014 are taxes and special assessments receivable, amounts due from other governments, and other receivables due within 30 days.

Under the modified accrual basis of accounting, receivables may be measurable but not available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Reported deferred inflows of resources are those where asset recognition criteria have been met but for which revenue recognition criteria have not been met.

Expenditures are generally recognized when the related fund liability is incurred. Exceptions to this general rule include principal and interest on general long-term debt which are recognized when due.

All proprietary fund types are accounted for using the accrual basis of accounting. Their revenues are recognized when they are earned, and their expenses are recognized when they are incurred.

d. Interfund Eliminations and Reclassifications:

Government-wide Financial Statements:

In the process of aggregating data for the government-wide financial statements, some amounts reported as interfund activity and balances in the fund financial statements have been eliminated or reclassified, as follows:

In order to minimize the grossing-up effect on assets and liabilities within the governmental and business-type activities columns of the primary government, amounts reported as interfund receivables and payables have been eliminated in the governmental and business-type activities columns, except for the net, residual amounts due between governmental and business-type activities, which are presented as Internal Balances.

e. Deposits and Investments:

For the purpose of financial reporting, "cash and cash equivalents" includes all demand and savings accounts and certificates of deposit or short-term investments with a term to maturity at date of acquisition of three months or less. Investments in open-end mutual fund shares, or similar investments in external investment pools, are also considered to be cash equivalents.

Investments classified in the financial statements consist primarily of certificates of deposit whose term to maturity at date of acquisition exceeds three months, and/or those types of investment authorized by South Dakota Codified Laws (SDCL) 4-5-6.

f. Capital Assets:

Capital assets include land, buildings, machinery and equipment, and all other tangible or intangible assets that are used in operations and that have initial useful lives extending beyond a single reporting period. Infrastructure assets are long-lived capital assets that normally are stationary in nature and normally can be preserved for significantly greater number of years than most capital assets.

The accounting treatment over capital assets depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

Government-Wide Financial Statements:

Capital assets are recorded at historical cost, or estimated cost, where actual cost could not be determined. Donated capital assets are valued at their estimated fair value on the date donated. Reported cost values include ancillary charges necessary to place the asset into its intended location and condition for use. Subsequent to initial capitalization, improvements or betterments that are significant and which extend the useful life of a capital asset are also capitalized. The total December 31, 2014 balance of governmental activities capital assets includes approximately 7.0% for which the costs were determined by estimates of original costs. The total of December 31, 2014 balance of business-type capital assets includes approximately 5.2% for which the costs were determined by estimates of original costs. These estimated costs were established by reviewing applicable historical costs of similar items and basing the estimations thereon.

Infrastructure assets used in general government operations, consisting of certain improvements other than buildings, including roads, bridges, sidewalks, drainage systems, and lighting systems, acquired prior to January 1, 2004, were not required to be capitalized by the City. Infrastructure assets acquired since January 1, 2004 are recorded at cost, and classified as "Improvements Other than Buildings."

For governmental activities capital assets, construction-period interest is not capitalized, in accordance with USGAAP, while for capital assets used in business-type activities/proprietary fund's operations, construction period interest is capitalized in accordance with USGAAP.

Depreciation of all exhaustible capital assets is recorded as an allocated expense in the government-wide Statement of Activities with net capital assets reflected in the Statement of Net Position. Accumulated depreciation is reported on the government-wide Statement of Net Position and on each proprietary fund's Statement of Net Position.

Capitalization thresholds (the dollar values above which asset acquisitions are added to the capital asset accounts), depreciation methods, and estimated useful lives of capital assets reported in the government-wide statements and proprietary funds are as follows:

	<u>Threshold</u>	<u>Method</u>	<u>Useful Life</u>
Land and land rights	All	NA	NA
Improvements other than buildings	\$ 5,000.00	Straight Line	25-75 yrs
Buildings	25,000.00	Straight Line	25-75 yrs
Machinery and Equipment	5,000.00	Straight Line	7-10 yrs
Furniture	5,000.00	Straight Line	7-10 yrs
Infrastructure	All	Straight Line	25-75 yrs

Land is an inexhaustible capital asset and is not depreciated.

Fund Financial Statements:

In the fund financial statements, capital assets used in governmental fund operations are accounted for as Capital Outlay expenditures of the appropriate governmental fund upon acquisition. Capital assets used in proprietary fund operations are accounted for on the accrual basis, the same as in the government-wide statements.

g. Long-Term Liabilities:

The accounting treatment of long-term liabilities depends on whether the assets are used in

governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

All long-term liabilities to be repaid from governmental and business-type resources are reported as liabilities in the government-wide statements. The long-term liabilities primarily consist of state revolving loans, certificates of participation, revenue bonds, special assessment bonds, notes payable, financing (capital acquisition) leases and compensated absences.

In the fund financial statements, debt proceeds are reported as revenues (other financing sources), while payments of principal and interest are reported as expenditures when they become due. The accounting for proprietary fund long-term debt is on the accrual basis, the same in the fund statements as in the government-wide statements.

h. Program Revenues:

Program revenues derive directly from the program itself or from parties other than the City's taxpayers or citizenry, as a whole. Program revenues are classified into three categories, as follows:

1. Charges for services - These arise from charges to customers, applicants, or others who purchase, use, or directly benefit from the goods, services, or privileges provided, or are otherwise directly affected by the services.
2. Program-specific operating grants and contributions - These arise from mandatory and voluntary non-exchange transactions with other governments, organizations, or individuals that are restricted for use in a particular program.
3. Program-specific capital grants and contributions - These arise from mandatory and voluntary non-exchange transactions with other governments, organizations, or individuals that are restricted for the acquisition of capital assets for use in a particular program.

i. Deferred Inflows and Deferred Outflows of Resources:

In addition to assets, the statement of financial position reports a separate section for deferred outflows of resources. Deferred outflows of resources represent consumption of net position that applies to a future period or periods. These items will not be recognized as an outflow of resources until the applicable future period.

In addition to liabilities, the statement of financial position reports a separate section for deferred inflows of resources. Deferred inflows of resources represent acquisitions of net position that applies to a future period or periods. These items will not be recognized as an inflow of resources until the applicable future period.

j. Proprietary Funds Revenue and Expense Classifications:

In the proprietary fund's Statement of Revenues, Expenses, and Changes in Net Position, revenues and expenses are classified in a manner consistent with how they are classified in the Statement of Cash Flows. That is, transactions for which related cash flows are reported as capital and related financing activities, noncapital financing activities, or investing activities are not reported as components of operating revenues or expenses.

k. Cash and Cash Equivalents:

The City pools the cash resources of its funds for cash management purposes. The proprietary funds essentially have access to the entire amount of their cash resources on demand. Accordingly, each proprietary fund's equity in the cash management pool is considered to be cash

and cash equivalents for the purpose of the Statement of Cash Flows.

I. Equity Classifications:

Government-wide Statements:

Equity is classified as Net Position and is displayed in three components:

1. Net Investment in Capital Assets - Consists of capital assets, including restricted capital assets, net of accumulated depreciation (if applicable) and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
2. Restricted Net Position - Consists of net position with constraints placed on their use either by (a) external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or (b) law through constitutional provisions or enabling legislation.
3. Unrestricted Net Position - All other net position that does not meet the definition of "restricted" or "net investment in capital assets".

Fund Financial Statements:

Governmental fund equity is classified as fund balance, and may distinguish between "Nonspendable", "Restricted", "Committed", "Assigned" and "Unassigned" components. Proprietary fund equity is classified the same as in the government-wide financial statements.

m. Application of Net Position:

It is the City's policy to first use restricted net position, prior to the use of unrestricted net position, when an expense is incurred for purposes for which both restricted and unrestricted net positions are available.

n. Fund Balance Classification Policies and Procedures:

In accordance with Government Accounting Standards Board (GASB) No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, the City classifies governmental fund balances as follows:

- Nonspendable – Includes fund balance amounts that cannot be spent either because it is not in spendable form or because of legal or contractual constraints.
- Restricted – Includes fund balance amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors or amounts constrained due to constitutional provisions or enabling legislation.
- Committed – Includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision making authority and does not lapse at year-end.
- Assigned – Includes fund balance amounts that are intended to be used for specific purposes that are neither considered, restricted, or committed. Fund Balance may be assigned by the City Council.
- Unassigned – Includes positive fund balance within the General Fund which has not been classified within the above mentioned categories and negative fund balances in other governmental funds.

The City uses *restricted/committed* amounts first when both restricted and unrestricted fund balance is available unless there are legal documents/contracts that prohibit doing this, such as a grant agreement requiring dollar for dollar spending. Additionally, the government would first use *committed, then assigned, and lastly unassigned* amounts of unrestricted fund balance when expenditures are made.

The City does have a formal minimum fund balance policy.

A schedule of fund balances is provided as follows:

CITY OF BRANDON
DISCLOSURE OF FUND BALANCES REPORTED ON BALANCE SHEET
GOVERNMENTAL FUNDS
DECEMBER 31, 2014

Fund Balances:	General	Street	TIF	Other	Total
	<u>Fund</u>	<u>Maintenance</u>	<u>Hemlock Blvd</u>	<u>Non-Major</u>	<u>Governmental</u>
		<u>Fund</u>	<u>Debt Service</u>	<u>Funds</u>	<u>Funds</u>
<i>Nonspendable:</i>					
Inventory	\$ 34,861.47	\$	\$	\$	34,861.47
Prepaid Expenses	493.00				493.00
SDPAA Insurance Pool	35,276.56				35,276.56
<i>Restricted for:</i>					
Debt Service				312,943.88	312,943.88
Capital Improvement and Debt Service				362,665.86	362,665.86
Community Development				689,286.46	689,286.46
<i>Committed</i>					
Street Maintenance		168,629.00			168,629.00
<i>Assigned:</i>					
For Next Year's Budget	531,478.00				531,478.00
<i>Unassigned</i>	<u>2,410,489.42</u>	<u> </u>	<u>(341,922.11)</u>	<u>(98,037.38)</u>	<u>1,970,529.93</u>
Total Fund Balances	<u>\$ 3,012,598.45</u>	<u>\$ 168,629.00</u>	<u>\$ (341,922.11)</u>	<u>\$ 1,266,858.82</u>	<u>\$ 4,106,164.16</u>

Proprietary fund equity is classified the same as in the government-wide financial statements.

NOTE 2 - Deficit Fund Balances/Net Position of Individual Nonmajor Funds:

As of December 31, 2014, the following individual nonmajor funds had deficit fund balance/net position in the amounts shown:

2006 TIF Special Revenue Fund	\$ (65,388.31)
TIF Convention Debt Service	(16,484.35)
Capital Projects	<u>(16,164.72)</u>
Total Deficit Balances	<u>\$ (98,037.38)</u>

In the future, the Governing Board plans to transfer money from the General Fund to correct negative fund balances.

NOTE 3 - Deposits and Investments Credit Risk, Concentrations of Credit Risk and Interest Rate Risk

The City follows the practice of aggregating the cash assets of various funds to maximize cash management efficiency and returns. Statutes impose various restrictions on deposits and investments. These restrictions are summarized below:

Deposits - The City's cash deposits are made in qualified public depositories as defined by SDCL 4-6A-1, 7-20-1, 7-20-1.1 and 7-20-1.2, and may be in the form of demand or time deposits. Qualified depositories are required by SDCL 4-6A-3 to maintain at all times, segregated from their other assets, eligible collateral having a value equal to at least 100 percent of the public deposit accounts which exceed deposit insurance such as the FDIC and NCUA. In lieu of pledging eligible securities, a qualified public depository may furnish irrevocable standby letters of credit issued by Federal Home Loan Banks accompanied by written evidence of that bank's public debt rating which may not be less than "AA" or a qualified public depository may furnish a corporate surety bond of a corporation authorized to do business in South Dakota.

Investments – In general, SDCL 4-5-6 permits City funds to be invested only in (a) securities of the United States and securities guaranteed by the United States Government either directly or indirectly; or (b) repurchase agreements fully collateralized by securities described in (a) above; or in shares of an open-end, no-load fund administered by an investment company whose investments are in securities described in (a) above and repurchase agreements described in (b) above. Also, SDCL 4-5-9 requires investments to be in the physical custody of the political subdivision or may be deposited in a safekeeping account with any bank or trust company designated by the political subdivision as its fiscal agent.

Credit Risk - State law limits eligible investments for the City, as discussed above. The City has no investment policy that would further limit its investment choices.

Interest Rate Risk - The City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Concentration of Investment -The City places no limit on the amount that may be invested in any one issuer.

Deposits are reported at cost, plus interest, if the account is of the add-on type.

Assignment of Investment Income - State law allows income from deposits and investments to be credited to either the General Fund or the fund making the investment. The City's policy is to credit all income from deposits and investments to the fund making the investment.

NOTE 4 - Receivables and Payables

Receivables and payables are not aggregated in these financial statements. The City expects all receivables to be collected within one year, except for \$304,058.57 of receivables related to economic development loans to qualifying businesses reported in the General Fund. This is a summary of Economic Development Loans receivable as of December 31, 2014:

Year Ended Dec 31,	R & T Unit Can	Corson Village	Marman Energy	Total
	2011 Revolving Loan Fund	2011 Revolving Loan Fund	2014 Revolving Loan Fund	
2015	\$ 5,997.68	\$ 461.94	\$ 10,442.76	\$ 16,902.38
2016	6,180.11		10,653.55	16,833.66
2017	6,368.08		10,868.61	17,236.69
2018	6,561.77		11,087.95	17,649.72
2019	6,761.35		11,311.79	18,073.14
Thereafter	47,174.34		187,091.02	234,265.36
Total	<u>\$ 79,043.33</u>	<u>\$ 461.94</u>	<u>\$ 241,455.68</u>	<u>\$ 320,960.95</u>

NOTE 5 - Inventory

Inventory in the General Fund consists of expendable supplies held for consumption. Supply inventories are recorded at cost.

Inventory acquired for resale in the proprietary funds is recorded as an asset when acquired. The consumption of inventories held for resale is charged to expense as it is consumed. Inventories held for resale are recorded at the lower of cost or market, on the first-in, first-out cost flow assumption.

Government-wide Financial Statements:

In the government-wide financial statements, inventory is recorded as an asset at the time of purchase, and charged to expense as it is consumed.

Fund Financial Statements:

In the fund financial statements, purchases of supply inventory items are recorded as an expenditure at the time individual inventory items are purchased. Reported inventories are equally offset by nonspendable fund balance which indicates that they do not constitute "available spendable resources" even though they are a component of net current assets.

NOTE 6 – Property Taxes

Property taxes are levied on or before October 1, of the year preceding the start of the fiscal year. They attach as an enforceable lien on property, and become due and payable as of the following January 1, the first day of the fiscal year. Taxes are payable in two installments on or before April 30 and October 31 of the fiscal year.

The City is permitted by several state statutes to levy varying amounts of taxes per \$1,000 of taxable valuation on taxable real property in the City.

NOTE 7 – Changes in General Capital Assets

A summary of changes in capital assets for the year ended December 31, 2014 are as follows:

	Balance 01/01/14	Increases	Decreases	Balance 12/31/14
Governmental Activities:				
Capital Assets, not being Depreciated:				
Land	\$ 1,602,615.48	\$ 7,182.00	\$	\$ 1,609,797.48

NOTE 9 – Wastewater Agreement

In November 1994, the City of Brandon entered into a 20-year agreement with the City of Sioux Falls to obtain wastewater treatment services. An annual administrative fee of \$2,000 is paid by the City of Brandon to the City of Sioux Falls along with a 2014 rate of \$3.89 per 1000 gallons of volume of wastewater discharged from the sewer system of Brandon into the Sioux Falls Wastewater Treatment Facility. The annual administrative fee is for the role of implementation and enforcement of an Industrial Pretreatment Program on industrial users in Brandon. Payments are made from the city's Sewer Fund.

NOTE 10 – Restricted Net Position

Restricted net position for the year ended December 31, 2014 was as follows:

Debt Service Funds	\$	940,992.63
Capital Improvement and Debt Service Funds		531,295.18
Community Development		689,286.46
SDPAA Contribution		<u>35,276.56</u>
Total Restricted Net Position	\$	<u>2,196,850.83</u>

These balances are restricted due to federal grant and statutory requirements.

NOTE 11 – Retirement Plan

All employees, except for part-time employees, participate in the South Dakota Retirement System (SDRS), a cost-sharing, multiple employer public employee retirement system established to provide retirement benefits for employees of the State of South Dakota and its political subdivisions. The SDRS provides retirement, disability and survivor's benefits. The right to receive retirement benefits vests after three years of credited service. Authority for establishing, administering and amending plan provisions are found in South Dakota Codified Law 3-12. The SDRS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the SDRS, PO Box 1098, Pierre, SD 57501-1098 or by calling (605) 773-3731.

General employees are required by state statute to contribute 6 percent of their salary to the plan, while public safety and judicial employees contribute at 8 percent and 9 percent. State statute also requires the employer to contribute an amount equal to the employee's contribution. State statute also requires the employer to make an additional contribution in the amount of 6.2 percent for any compensation exceeding the maximum taxable amount for social security for general employees only. The city's share of contributions to the SDRS for the fiscal years ended December 31, 2014, 2013, and 2012 were \$122,454.78, \$116,050.67, and \$113,831.74 respectively, equal to the required contributions each year.

NOTE 12 – Risk Management

The city is exposed to various risks of loss related to tort; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During the period ended December 31, 2014, the city managed its risks as follows:

Employee Health Insurance:

The city purchases health insurance for its employees from a commercial insurance carrier. Settled results from these risks have not exceeded the liability coverage during the past three years.

Liability Insurance:

The City joined the South Dakota Public Assurance Alliance, a public entity risk pool currently operating as a common risk management and insurance program for South Dakota local government entities. The objective of the SDPAA is to administer and provide risk management services and risk sharing facilities to the members and to defend and protect the members against liability, to advise members on loss control guidelines and procedures, and provide them with risk management services, loss control and risk reduction information and to obtain lower costs for that coverage. The Municipality's responsibility is to promptly report to and cooperate with the SDPAA to resolve any incident which could result in a claim being made by or against the City. The City pays an annual premium, to provide liability coverage detailed below, under a claims-made policy and the premiums are accrued based on the ultimate cost of the experience to date of the SDPAA member, based on their exposure or type of coverage. The City pays an annual premium to the pool to provide coverage for torts, thefts, errors and omissions, automobile and general liability.

The agreement with the South Dakota Public Assurance Alliance provides that the above coverage will be provided up to a \$2,000,000 limit. Member premiums are used by the pool for payment of claims and to pay for reinsurance for claims in excess of \$250,000 for property coverage and \$500,000 for liability coverage to the upper limit. A portion of the member premiums are also allocated to a cumulative reserve fund. The City would be eligible to receive a refund for a percentage of the amount allocated to the cumulative reserve fund on the following basis:

End of City's First Full Year	50%
End of City's Second Full Year	60%
End of City's Third Full Year	70%
End of City's Fourth Full Year	80%
End of City's Fifth Full Year	90%
End of City's Sixth Full Year and Thereafter	100%

As of December 31, 2014, the City has a vested balance in the cumulative reserve fund of \$35,276.56.

Worker's Compensation:

The city joined the South Dakota City League Worker's Compensation Fund, a public entity risk pool currently operating as a common risk management and insurance program for South Dakota local government entities. The objective of the Fund is to formulate, develop, and administer, on the behalf of the member organizations, a program of worker's compensation coverage, to obtain lower costs for that coverage, and develop a comprehensive loss control program. The City's responsibility is to initiate and maintain a safety program to give its employees safe and sanitary working conditions and to promptly report to and cooperate with the Fund to resolve any worker's compensation claims. The City pays an annual premium, to provide worker's compensation coverage for its employees, under a self-funded program and the premiums are accrued based on the ultimate cost of the experience to date of the Fund members. Coverage limits are set by state statute. The pool pays the first \$650,000 of any claim per individual. The pool has reinsurance, which covers up to an additional \$2,000,000 per individual per incident.

The City does not carry additional insurance to cover claims in excess of the upper limit. Settled claims resulting from these risks have never exceeded the liability coverage.

Unemployment Benefits

The city provides coverage for unemployment benefits by paying into the Unemployment Compensation Fund established by state law and managed by the State of South Dakota.

NOTE 13 – Individual Fund Interfund Receivable and Payable Balances:

Interfund receivable and payable balances at December 31, 2014 were:

Fund	Interfund Receivable	Interfund Payable
General Fund	\$	\$ 1,175,000.00
Special Revenue Funds:		
2006 TIF Special Revenue Fund		69,092.31
Debt Service Funds:		
TIF Hemlock Blvd. Debt Service Fund		341,922.11
TIF Convention Center Debt Service Fund		16,484.35
		<u>358,406.46</u>
Water Fund	<u>1,602,498.77</u>	
	<u>\$ 1,602,498.77</u>	<u>\$ 1,602,498.77</u>

The purposes for the interfund receivable and payable balances are to correct negative fund balances and help with cash flow.

The City expects all interfund receivables and payables to be repaid within one year (except for the General Fund payable of \$1,175,000.00, which will be paid by December 2022 per promissory note; and \$68,137.14 for the TIF Hemlock Blvd. Debt Service payable, which will be paid by December 2018 per promissory note.)

NOTE 14 – Interfund Transfers

Interfund transfers for the year ended December 31, 2014 were as follows:

	<u>Transfers To:</u>				Total
	General Fund	Aggregate Other Governmental Funds	Golf Course Fund	Nonmajor Enterprise Fund	
<u>Transfers From:</u>					
Water Fund	\$ 15,705.00	\$	\$	\$	\$ 15,705.00
Sewer Fund	1,102.00				1,102.00
General Fund		24,615.61	35,568.55	9,410.26	69,594.42
	<u>\$ 16,807.00</u>	<u>\$ 24,615.61</u>	<u>\$ 35,568.55</u>	<u>\$ 9,410.26</u>	<u>\$ 86,401.42</u>

The City typically budgets transfers of money to conduct the indispensable functions of the City and to close out old debt service and capital project funds.

NOTE 15 – Significant Contingencies-Litigation

At December 31, 2014, the City was not involved in any litigation.

CITY OF BRANDON
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
Schedules of Budgetary Comparisons for the General Fund
and for each major Special Revenue Fund with a legally required budget

Note 1: Budgets and Budgetary Accounting:

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

1. At the first regular board meeting in September of each year or within ten days thereafter, the Governing Board/City Commission introduces the annual appropriation ordinance for the ensuing fiscal year.
2. After adoption by the Governing Board/City Commission, the operating budget is legally binding and actual expenditures for each purpose cannot exceed the amounts budgeted, except as indicated in number 4.
3. A line item for contingencies may be included in the annual budget. Such a line item may not exceed 5 percent of the total municipal budget and may be transferred by the resolution of the Governing Board/City Commission to any other budget category that is deemed insufficient during the year.
4. If it is determined during the year that sufficient amounts have not been budgeted, state statute allows the adoption of supplemental budgets.
5. Unexpended appropriations lapse at year-end unless encumbered by the resolution of the Governing Board/City Commission.

Encumbrances accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the General Fund, special revenue fund, and capital projects funds.

6. Formal budgetary integration is employed as a management control device during the year for the General Fund, special revenue funds and capital project funds.
7. Budgets for the General Fund are adopted on a basis consistent with accounting principles generally accepted in the United States of America (USGAAP).

Note 2: GAAP/ Budgetary Accounting Basis Differences

The financial statements prepared in conformity with USGAAP present capital outlay expenditure information in a separate category of expenditures. Under the budgetary basis of accounting, capital outlay expenditures are reported within the function to which they relate. For example, the purchase of a new fire truck would be reported as a capital outlay expenditure on the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances, however in the Budgetary RSI Schedule, the purchase of a fire truck would be reported as an expenditure of the Public Safety/Fire Department function of government, along with all other current Fire Department related expenditures.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

City Council
The City of Brandon
Minnehaha County, South Dakota

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Brandon, South Dakota, as of December 31, 2014, and for the year then ended, and the related notes to the financial statements, which collectively comprise the City of Brandon's basic financial statements and have issued our report thereon dated July 28, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Brandon's internal control over. Accordingly, we do not express an opinion on the effectiveness of the City of Brandon's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses and significant deficiencies may exist that were not identified. However, as described in the accompanying Schedule of Current Audit Findings, we identified a certain deficiency in internal control over financial reporting that we consider to be a material weakness.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency described in the accompanying Schedule of Current Audit Findings as item 2014-001 to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, and contracts, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

City of Brandon, South Dakota's Response to Finding

The City of Brandon's response to the finding identified in our audit is on page 56. The City's response was not subjected to the auditing procedures applied in the audit of the financial statements and accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. The report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. As required by South Dakota Codified Law 4-11-11 this report is a matter of public record and its distribution is not limited.

**CITY OF BRANDON
SCHEDULE OF PRIOR AND CURRENT AUDIT FINDINGS
DECEMBER 31, 2014**

STATUS OF PRIOR AUDIT FINDINGS:

The prior audit recommendation 2013-01 has not been corrected and is restated as Current Audit Finding Number 2014-001.

CURRENT AUDIT FINDINGS:

Internal Control-Related Findings – Material Weakness:

AUDIT FINDING NUMBER 2014-001:

There is a material weakness resulting from lack of segregation of duties for revenues and expenditures.

Criteria:

In order to achieve proper internal control, it is necessary to have segregation of duties provided between performance, review and record keeping of the tasks related to revenues. Lack of this segregation of duties could adversely affect the organization's ability to record, process, summarize and report financial data consistent with management assertions.

Condition, Cause and Effect:

A material weakness in internal control was reported due to lack of proper segregation of duties for revenues and expenditures resulting in decreased reliability of reported financial data and increased potential for the loss of public assets.

Recommendations:

We recommend that the City of Brandon officials be cognizant of this lack of segregation of duties for revenues and expenditures and attempt to provide compensating controls, whenever and wherever possible and practical.

Corrective Action Plan:

The City of Brandon's officials are aware of this problem, which is a result of the size of the entity which precludes staffing at a level sufficient to provide an ideal environment for internal controls. They have included a response to the finding on page 56.

CITY OF BRANDON
304 Main Avenue, P.O. Box 95, Brandon, SD 57005
Telephone: (605) 582-6515 FAX: (605) 582-6831
E-mail: bread@cityofbrandon.org

CITY OF BRANDON
304 MAIN AVE.
BRANDON, SD 57004

Corrective Action Plan
For the year ended December 31, 2014

The City of Brandon has considered the lack of segregation of duties for the revenue and expenditure functions.

At this time it is not cost efficient for the City of Brandon to hire additional staff needed to achieve segregation of duties. The City of Brandon has implemented alternate procedures, to decrease the likelihood that financial data is adversely affected.

Mayor

Finance Officer/City Administrator
